HOW IT BEGAN

It started with a shared love.

Christine and Michelle, two American friends who call Lyon home, connected with Hubert, owner of X Sight Travel. Together they discovered a shared passion for travel and pickleball.

We invite you to experience Lyon's authentic way of life through the places we call home, with pickleball as the thread that weaves our journeys together.

YOUR HOSTS

Christine & Michelle

We both met a guy named Laurent—one in New York, the other in Tokyo—and unexpectedly found ourselves building a life in France. Our shared experiences brought us together, and now we enjoy discovering our adopted home through food, travel and everyday adventures. We've also been playing pickleball for a few years and love the sense of community it brings.

“We’re always looking for new places to explore, new people to meet and a good game of pickleball.”

YOUR ADVENTURE

Five days. Countless memories.

From hidden passageways to hillside vineyards, discover Lyon at its most authentic.

GOOD TO KNOW

Your questions, answered.

Do I need to speak French?

This trip is crafted for English-speaking travelers, and our hosts ensure communication is smooth and effortless throughout.

Can my non-pickleball-playing partner join?

Yes, we welcome everyone.

What pickleball level do I need?

All levels are welcome. Our aim is to play friendly matches, meet new people and create lasting memories together.

When should I arrive?

Officially our trip begins with a welcome dinner on the first day. With the challenges in today's air travels, building in a little wiggle room is never a bad idea.

How many people will be in the group?

We like to keep the group intimate, limited to 16 people.
